HIS ONLY BROTHER IN GERMAN ARMY

DUNKLEMAN, MERCHANT TAILOR, HERE, NATIVE TEUTON.

HE SERVED REQUIRED 2 YEARS IN INFANTRY

Letters From Sister and Aged Parents Tell of Good Condition of Nation —Was Wounded.

Another Maryville man has been found who takes an unusual interest in all he can find to read upon the war. He is E. Dunkleman, merchant tailor, with a shop over the Parle drug store. An only brother is a soldier in the German army.

Mr. Dunkleman would probably have his interest increased if he knew on what front his brother is but this information is not given out. All that is known is that he is a fort artillery man, helping to operate one of the large guns in a German fortification.

The Maryville tailor is a native of Germany, having been in America only four years. His home was Cleve, a city about an hour's ride from the Belgian frontier. His brother was home wounded when the last letter was written just before Christmas. The injury was not serious and he is probably back in active service by this time.

Mr. Dunkleman served his two years required by the German government, as a member of the infantry. His brother, who is eight years older, took artillery work during his service and was assigned to that field of operations when he enlisted in October after the beginning of the war.

The tailor has been in Maryville about a year, coming here from Kansas City where he had worked since coming to America. Mr. Dunkleman likes that trade, he says, because it makes it possible for him to run around.

He spent several years in Italy, a year in Switzerland, was in Belgium frequently. He worked a year in London before sailing for the United States. And now he congratulates himself that he left London and England before the war broke out as he would probably be adorning some detention camp now if he had not.

Letters From Home Infrequent.

His letters from home are rather infrequent and meager because of the censorship. His father was a railroad employe all his life and draws a pension of $600 from the government which owns all the railways. An only sister is at home with her father and mother who are over seventy years old.

The letters tell that they have plenty of food, Mr. Dunkleman says, and that all is well with the country so far as they can see. But he does not talk much about war conditions. He prefers to tell of the wonderful industrial system in his fatherland with workingmen's compensation in all industries and government pensions for preachers, teachers, and all employes in the government owned postoffice, express companies, telephone and telegraph and other public utilities.

TOWNSHIP COLLECTORS HERE

A. Johnson of Green Only One to Make Complete Account — Only $289.67 Delinquent.

The township collectors are making their annual settlements with the county court today. Other court business has been of a routine nature. Dr. F. M. Ryan, county physician, reports that the county expense for smallpox and scarlet fever cases during December, January and February was $799.50.

A. Burch of Union, W. L. Rhodes of Jackson, George McDermott of Atchison, and A. Johnson of Green, were requested to report today. Mr. Johnson was the only one who made a complete report today. The total collections for Green township were $14,249.78. This shows a delinquency of $289.67.

LAST NUMBER FRIDAY

'CELLIST, SOPRANO AND PIANIST IN BEST ARTISTS SERIES.

SALA COURT MUSICIAN

Played Before King of Spain—Press Notices of Work Are Very Complimentary.

The Maryville lyceum course will close Friday night with the third of the Best Artists series. Senor Antonio Sala, Spanish violincellist; Mignonne Meeker, soprano, and Lois Brown, pianist, will give the program. Senor Sala has been court 'cellist to the king of Spain.

Some of the press notices concerning their work follow:

Boone (Ia.) News-Republican, Nov. 4, 1915: Higher class and more enjoyable entertainments than the C. W. Best Artists series, have never been given in this city. The audiences have been large and appreciative.

Rochester (Minn.) Daily Bulletin, Oct. 12, 1915: The first of the C. W. Best series was presented here last evening, and an appreciative audience encored enthusiastically every number on the meritorious program.

Austin (Minn.) Daily Herald, Oct. 11, 1915: The C. W. Best entertainments carry their own recommendation. They are the best of their kind. The first number opened to a fine house last Saturday evening. Sala, the remarkable young artist from the Spanish court, plays the violincello with a skill and feeling which has given him a world-wide reputation. Miss Meeker, who is a coloratura soprano, possesses grace and poise as well as a wonderful voice of wide range and purity of tone. Miss Lois Brown, the pianist, has a strong, sure touch and phenomenal technique. Her fine shades in tone and masterly execution mark her as an artist worthy the name.

Alexandria (Minn.) Citizen, Oct. 20, 1915: From the first to the last number, without a single break, the artists of the C. W. Best concert brought pleasure and inspiration to the large audience, such is not often the privilege of Alexandrians to obtain. Miss Lois Brown exhibited her wonderful technique coupled with exquisite interpretation. Miss Meeker captivated the audience at once by her charming appearance and beautiful singing. Senor Antonio Sala and his 'cello were received with thundering applause by the many who heard him last year. The instrument in his hands seems to be a living thing, and it seems to be difficult to separate Sala from his 'cello; the two are one, each understanding the other.

SPRING TERM OPENS

NORMAL ENROLLMENT ABOUT 30 MORE THAN LAST YEAR.

WINTER TERM SERVED 419

287 in Residence, 108 in Training School Raise Total With Correspondence and Extension Work.

The spring term of the State Normal school opened yesterday with the enrollment about thirty better than the same term last year. The residence enrollment of the winter term was 287 a gain of 17 over the 270 of the winter term of last year.

Of this number about sixty have left school, most of them to work on the farm during the spring term so many will return for the summer term. The leaving of the sixty brought the residence enrollment down to 227 but about thirty new students have entered up to noon today making the spring residence enrollment now 257 as compared with 233 last year. The spring term is recruited all through the term more than any other also

The spring kindergarten work will be begun next Monday. The training school enrollment has been 108 this year. With fourteen taking correspondence work and a class of ten in the extension work at Pattonsburg, the total of those served by the State Normal school is raised to 419 for the winter term.

The fall term had a resident enrollment of 257 as compared with 243 of the year before and served nine correspondence students. All the prospects are better for the spring term than last year according to President Ira Richardson, and it is probable with the additions to the studnet body throughout the term that the spring enrollment will reach 275.

BABY WEEK WINDOWS

INFANTS FIRST IN MARYVILLE THOUGHTS NOW.

MERCHANTS COOPERATING

Slogans and Mothers' Circle Invitation Sent Out—Free Flags at Alderman-Yehles.

Babies, good babies especially, are always the center of attraction where ever they are, but this week just the mere mention of baby, has everyone talking Babies, the usually staple article in talk, when it is the first one in the family, is first in the hearts of the Nation this week and Maryville is one big part of the Nation.

Much interest is being taken not only by club women but by the merchants, who are distributing the Baby week slogans and the Mothers Circle invitations for members. Many have arranged attractive and appropriate displays in their show windows also.

The mayor and club women urge every person, mothers, fathers, brothers and sisters of a baby, to wear a miniature American flag which they have placed in the Alderman-Yehle store for distribution. They are absolutely free for the asking.

Among the windows are the Crane's Book store display of baby books, announcement cards and baby momentos in dainty pink and blue.

The Haines store has character dolls dressed in clothes for baby's comfort. The baby colors of pink and blue predominate in all the displays.

The Bee Hive Shoe Store has a display of the cunningest teny-weeny shoes, bootees, and has a large doll dressed to represent the negro mammy holding a small "white child."

For All Kinds of Babies.

One of the most necessary articles where there is a baby in the home is a perambulator. So Price & McNeal have a display of them in their window with the blackest baby doll imaginable in the best one to make plain perhaps that baby week is for all colored babies too.

The Alderman-Yehle store has every conceivable want for baby in their two display windows at either side of the entrance. Baby dresses, slips, baskets, bootees and many other articles.

The windows that have seemingly attracted the most attention are the display of Marcell and Crow, photographers, who have a number of the dearest, sweetest baby pictures cleverly arranged.

FOR STATE EXHIBIT

COUNTY TO BE REPRESENTED AT NEXT SEDALIA FAIR.

$200 FROM COUNTY COURT

Commercial Club Committee Will Have Charge of Collecting Samples of Various Townships.

The county court met yesterday at noon with the directors of the Commercial club at their weekly luncheon in a discussion of a Nodaway county exhibit at the state fair at Sedalia next year. Agricultural products principally will be shown.

The judges agreed to make an appropriation of $200 again. This money was voted last year by Presiding Judge W. M. Blackford and Judges E. T. Bailey and Mat Farnan to cover the expenses of collecting, shipping and installing an exhibit among those of other Missouri counties. It was not used on account of the bad crop year, however.

The committee in charge held that as Nodaway had never had such an exhibit, it should make the start in some good year when the exhibits would be worthy of the real agricultural richness of the county. The matter of collecting and placing the material will be left with the agricultural committee of the Maryville Commercial club.

It is probable that R. J. Curfman, Lawrence Ogden, R. A. Kinnaird and Ernest Wray, the committee, will follow the same plan which was used last year. Committees will be appointed for each township to send in the samples from that district. All this will be assembled in Maryville and the choice samples sent on to Sedalia. The work is begun thus early that farmers may lay their plans for raising stuff which may be sent to the state fair.

2 BOYS OF 13 RUN AWAY

LAWRENCE PASTORIUS AND HOMER PENDERGRAS GONE 3 DAYS.

Youths Wanting Camp Life Disappeared Saturday Afternoon—One Has Done So Several Times.

Lawrence Pastorius, 13-year-old son of Mr. and Mrs. O. A. Pastorius, 128 South Main street, and Homer Pendergras, of about the same age, son of Mr. and Mrs. T. F. Pendergras, 403 South Main street, left home Saturday afternoon and have not been heard from since.

Some of the playmates of the boys insist that they had a rifle with them but the parents of the boys say that they did not. The disappearance has not been reported to the city marshal or sheriff, as the parents feel sure that the boys will return soon.

The Pastorius boy has slipped off several times before and always returned safely in about a week. The purpose of the "runaways" is to camp out in the woods and have some "Indian" life. So far as is known, however, they had no tents or other camping equipment with them this time.

It is the first "adventure" for the Pendergras boy, whose parents moved here recently from Chicago.

Dug Phillips of this city is in a very critical condition and is not expected to live.

FLEETS OUT AGAIN

HEAVY SNOW STORM IN NORTH SEA STARTS GERMAN RUMORS.

HOLLAND SIGHTS TEUTONS

Other Reports Say That Kaiser's Ships Have Slipped Into Zeebrug From Kiel.

Special to The Democrat-Forum.

London, March 7.—Heavy snow storms raging over the North sea today and no confirmation or available reports that the Biggerman war fleet had sailed out of Wilhem's Haven, presumably for the purpose of giving battle to the British.

In this same connection it was reported from Amsterdam that a number of big German war ships have slipped out from the Kiel canal and taken refuge at Zeebrugge, Belgium. A dispatch from Holland says a fleet of twenty-five German war ships was observed Monday in the North sea, disappearing in northerly direction.

Further German Progress at Verdun.

Paris, March 7.—Further progress by the Germans assaulting the French positions on the Verdun front are admitted in a communication issued by the war office this afternoon. The German advance has reached the outskirts of Regenville, and also captured hill number 265. But to gain this success the Germans sacrificed a large number under the fire of the French artillery machine guns.

Three Metz Forts Hit.

Amsterdam, March 7.—The French aviators bombarded the three chief forts at Metz Monday and also dropped bombs on German ammunition trains carrying supplies to Verdun, according to reports from the frontier. The air raid resulted in extensive damage.

Turk Olive Branch to Russia.

London, March 7.—Tentative proposals for peace by Turkey have been rejected by the Russian government, according to persistent reports in diplomatic circles today.

Total "Zep" Deaths Now 13.

London, March 7.—The admiralty announced this morning that the total deaths resulting from the latest air raid Sunday night is now thirteen, another having died.

William Beauchamp arrived today from Hot Springs, Ark., where he has been spending the winter, and will be the guest of his daughter, Mrs. W. A. Rickenbrode, and Mr. Rickenbrode.

WILSON VICTOR IN FIRST TEST VOTE

INDICATIONS ARE HOUSE WILL UPHOLD PRESIDENT TODAY.

356 TO 160 IN FAVOR OF ADMINISTRATION

Debate Was Limited to Half Hour, With Pou and Campbell on Opposing Sides of Question.

Special to The Democrat-Forum.

Washington, March 7.—The house of representatives capitulated to President Wilson today in the first test vote on the proposition to warn Americans off belligerent liners.

The vote of 356 to 160 against the rule to shut off debate and to bar amendments on the McLemore resolution indicates that the program of the administration will go through easily.

Debate Limited to Half Hour.

Washington, March 7.—A half hour was agreed upon by the house as the limit for the discussion of the special rule recommended by the rules committee which would permit the tabling of the McLemore resolution

Congressman Pou, acting chairman of the rules committee, opened the argument by declaring that the tabling of the resolution would show conclusively that the house of representatives was standing squarely behind the president in handling the controversy with Germany.

"It has been said," he shouted, "that the president wants war. All the imps of hell could not devise a more infamous lie. President Wilson is struggling for peace. No president since Lincoln has been so burdened as he has. But the president is not willing or ready to surrender the rights of American citizens under international law."

German Influence Charge Resented.

Representative Campbell of Kansas, opening the debate for the opposition, declared that if the resolution was voted down he would immediately offer a substitute calling for a sweeping congressional investigation of the charges published by the New York World that the German-American alliances have conspired to force the warning resolution through congress.

JAIL FIRE DEATHS MAY BE 25

Eighteen Dead and Seven Are Dying—Match Into Scrubbing Solution of Gasoline.

Special to The Democrat-Forum.

El Paso, March 7.—The number of deaths resulting from the explosion and fire in the city jail last night may go to twenty-five. Eighteen are dead and seven others are dying. The fire was the result of a match thrown by a prisoner into a tub of gasoline and kerosene which was being used as a germicide in scrubbing.

The flaming fluid was thrown over the prisoners so that many were human torches. The doors of the jail were thrown open and many saved themselves by rushing out or being carried out.

Miss Carrie Stinson left last evening for Kansas City, where she will visit her sister, Mrs. W. E. Courtney.

BABY WEEK'S PURPOSE.

A unique campaign opened Sunday. It is a campaign neither of politics, commerce, nor reform, but one purely of education, and includes every citizen in its purpose, which is that of teaching the community the value of its infant population.

We are taking part in what is really a nation-wide movement for a wider recognition and a profounder realization of the fact that this or any other community can determine largely the character of its future citizens by the attention which it gives to the needs of its babies.

Babies are the raw material of civilization; the plastic clay to be wrought partly at least by our hands into what form we will. If we decide that we have no responsibility for shaping and moulding this clay, we show ourselves to be outside the present trend of scientific thought. Leading thinkers, not only in the United States but all over the civilized world, are telling us that there is no better index to the intelligence of any given community than the one to be read in the conditions under which it allows its infant citizens to develop; the comfort of its houses; the purity of its drinking water; the cleanliness and care demanded of its milk producers; the civic regulations over refuse removal, the fly nuisance, paving and drainage, the provision of fresh air and recreation—and the general oversight it exercises over its sanitary conditions.

This is the responsibility of every adult citizen, whether parent or not.

Baby Week has been instituted for the purpose of bringing home this responsibility to all of us. Look about you and ask yourself whether the conditions in this community are such as make it an ideal place for children.—Issued by Federal Child-Welfare Bureau.

MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED

Look at Tongue! Move Poisons From Liver and Bowels at Once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomach ache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co."

What Others Believe

A BABY WEEK THOUGHT.

"Ignorance and carelessness are the chief causes of preventable sickness and death. It is as much your duty to dispel this ignorance, which is wrecking and destroying human life, as it is your duty to educate your children that they may live intelligent and useful lives."

NO DECISION ON CO. F

BUT 28 SIGNERS ARE SECURED FOR MUSTERING OUT.

Sixty-Eight Are Necessary for Reorganization—Gymnasium Furnishings for New Company.

No decision has been received on the application made by Capt. Kyle Phares of Company F in regard to the mustering out of the company. He says, however, that he expects to receive it in a few days. Cleve Funk has been appointed first lieutenant of a reorganization of the company, and together they have twenty-eight new signers.

Captain Phares said that 68 signers were required to petition the governor for a reorganization, and that he expected the remainder would be gotten in a few days. As soon as the personnel is completed and the petition granted, furnishings for a gymnasium will be put in the armory.

It is the intention of Captain Phares and his assistants to have a base ball team equal to that which finished the season here last year.

"The moral tone of the members will greatly exceed that of the old company," said Mr. Phares.

DOZEN TRASH CANS HERE

Now That Receptacles Are Provided, Ordinance Against Throwing Down Refuse Will Be Enforced.

One dozen trash cans ordered by the city council to be placed at various places over the main part of the city were distributed by M. I. Woods, street commissioner, this morning. An ordinance prohibits the throwing of peanut hulls, banana skins, orange peelings, sacks or any trash or refuse upon the walks of streets.

The council held that it would be easier to secure compliance with the law by providing a place for such things at convenient corners than by prosecution. Now that the cans are up, however, you will be a law-breaker and considered as such if you fail to co-operate with the aldermanic desire for a cleaner Maryville, according to the authorities.

EMPLOYES BANQUET TONIGHT

AMERICA FEEDS THE WORLD

Figures From Department of Commerce on Exports of Food Materials Are Very Large.

A report by the Department of Commerce on a single month's exports of American foodstuffs shows what America is doing to feed the world during the tremendous foreign crisis. During December last our exports of wheat amounted to 12,619,927 bushels, worth $15,219,221.; of flour to 1,695,588 barrels, worth $9,195,552.; of bacon to 55,405,666 pounds, worth $7,686,976.; of lard to 46,134,309 pounds, worth $4,863,207.; of ham, to 21,731,527 pounds worth $3,255,133; of fresh beef to 27,296,688 pounds, worth $3,294,111.; of pickled pork, to 13,506,794 pounds, worth $1,479,923.; of corn to 2,591,258 pounds, worth $1,832,346.

The figures for a month are pretty large. Take them for the calendar year ending December 31 last, and you fairly gasp. For wheat the year's totals are 205,333,797 bushels which brought $281,815,044.; for bacon, 520,831,464 pounds which netted $69,306,517.; for lard, 450,098,528 pounds which sold for $48,107,072.; for fresh beef, 262,663,348 pounds which sold for $33,510,989.; flour, 15,380,698 barrels, which brought the enormous sum of $94,399,720.

PATENT MEDICINES KILL

Federal Public Health Service Says Drugs Should Not Be Taken Without Prescription.

More than 200,000 persons die in the United States every year from the so-called degenerative diseases, according to authorities of the Federal Public Health Service, and the indiscriminate consumption of medicines and drugs, without the advice or prescription of a physician, is an important factor in their causation.

The Federal health authorities show that the mortality from diseases of the heart, liver and blood vessels has increased more than 100 per cent during the past thirty years. This marked increase in the death rate, from diseases that are characteristic of senility, appears to have been greatest in persons between the ages of 40 and 60, or from an economic point of view the record of life that should be the most productive. These untimely deaths from degenerative diseases constitute an unnecessary economic loss that should be guarded against and prevented if possible.

Among the many and varied causes of destructive changes, in the several organs of the body, intoxications, particularly by alcoholic beverages, tobacco and narcotic drugs, have long been recognized as playing an important part. But the value of patent medicines and druggists' preparations made and sold in the United States increased from approximately seventeen million in 1879 to one hundred forty-two million in 1909, while the population of the United States during the corresponding period increased only from approximately fifty million in 1860 to ninety-two million in 1910. The harmful effect of a number of the widely used drugs has long been recognized though the information is not common property or not generally appreciated by the consumer. It is clearly evident that medicines that are at all deserving of the name must of necessity be harmful if misapplied or used for any considerable length of time without due appreciation of their possible toxic and irritating influences and the chronic derangements that may follow their continued use.

OLD PRESCRIPTION FOR WEAK KIDNEYS

A medicinal preparation like Dr. Kilmer's Swamp-Root, that has real curative value almost sells itself. Like an endless chain system the remedy is recommended by those who have been benefited to those who are in need of it.

Dr. Kilmer's Swamp-Root is a physician's prescription. It has been tested for years and has brought results to countless numbers who have suffered.

The success of Dr. Kilmer's Swamp-Root is due to the fact that it fulfills almost every wish in overcoming kidney, liver and bladder diseases, corrects urinary troubles and neutralizes the uric acid which causes rheumatism.

Do not suffer. Get a bottle of Swamp-Root from any druggist now. Start treatment today.

However, if you wish first to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention The Maryville Daily Democrat-Forum.

Obituary of N. L. Kerr.

Nathaniel Lyon Kerr was born near Fillmore, Andrew county, Mo., April 14th, 1864, and died at Maryville, Mo., March 3rd, 1916, aged 51 years 10 months and 19 days.

In the spring of 1884 he, with his parents, moved to Sheridan, Wyo., where they lived on a ranch. His father died 13 years ago and since that time Lyon has given his time and attention to the care of his mother until bringing her to live with her daughter, Mrs. J. K. Smith, Graham, Mo. Only a few weeks ago our deceased brother was assigned the sad lot of accompanying his mother's body to Wyoming for burial beside the husband and father. After attending to this sad duty he hastened back to Graham to assist in caring for Mrs. Smith, his sister, who was quite ill. He never forgot that this sister had cared for him like a mother since infancy, while Mrs. Smith looked on him more as her own child rather than a brother. But soon after returning from the west his heart began to give him trouble and he was taken to the hospital, where he entered into rest.

When the Christian church at Sheridan was organized, about fourteen years ago, Brother Kerr, under the preaching of Elder W. H. Harris, was buried with his Christ in baptism, and bore the name of his Master worthily until called home. He was never married, but sacrificed all his wishes and desires that he might better care for his widowed mother, and she was rightly proud of her noble son of pure life and character, who ever desired to honor his parents. His dying words were, "Mother is better now."

His living relatives are Mrs. J. K. Smith, Mrs. S. A. Miller, Sheridan, Wyo.; one brother, Elgin, Ore., six nephews and eight nieces.

Funeral services were held at Graham, Mo., March 5, in charge of Elder S. D. Harlan, and the body buried here.

EAT WITHOUT FEAR OF INDIGESTION OR SOUR, ACID STOMACH

Instant Relief! Pape's Diapepsin" Ends Your Stomach Trouble Forever.

Wonder what upset your stomach—which portion of the food did the damage—do you! Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Pape's Diapepsin and in five minutes you wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin, which costs only fifty cents for a large case at lrug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary.

55 NAMES FOR THE SPECIAL

Regular Assembly at High School Hears Proposition to Go to Benton Game Friday.

Fifty-five names had at 2:30 o'clock been signed to the petition for a special train for the high school to St. Joseph Friday night for the Benton high school game. In order to get the regular rates, 150 passengers will have to be secured by Thursday morning.

An assembly was held at the high school this afternoon at the regular hour and ten signers were secured at once. It is probable that the coaches may be run to St. Joseph as a part of the regular train Friday afternoon by holding it until 5:15 o'clock.

Breckenridge has replied to inquiries concerning the game with them, that they will play Mound City for the championship Friday, the 17th.

NINE IN GOVERNOR'S RACE
